

Athens, February 24<sup>th</sup> 2020

**The Hellenic Broadcasting Cooperation**  
**is the official media sponsor of the first international interdisciplinary**  
**conference on artificial intelligence**

The Organizing Committee of *Me and AI: Human Concerns Artificial Minds* Conference announces that ERT (The National Broadcasting Network) and the First Program of the Hellenic Radio are the Conference's Media Sponsors.

The Conference aims to highlight issues related to the Ethical, Legal, Political, Social and Financial aspects of the implementation of cutting-edge intelligence technologies in everyday life. The Conference is addressed not only to the whole spectrum of the academic community that is directly or indirectly related to Artificial Intelligence but also to the broader, non-specialist public interested in developments in the field of IT. ERT will be the most sufficient media for disseminating the Conference Proceedings to most of Greek society.

The Conference will take place from March 30<sup>th</sup> to April 2<sup>nd</sup> at Gasholder 1 – Amphitheatre “Miltiadis Evert” at Technopolis City of Athens (100 Piraeus Street).

For information on academic matters you can contact the President of the Organizing Committee of the Conference, Dr. Alkis Gounaris at [alkisg@philosophy.uoa.gr](mailto:alkisg@philosophy.uoa.gr).

For information on publicity and sponsorship issues you can contact Mr. George Sakellopoulos, DIRECTION at [gsak@direction.gr](mailto:gsak@direction.gr).

Sincerely Yours,  
The Organizing Committee of the Conference
